

Town of Hartland Recycling & Refuse Guidelines

Beginning January 2017, all households in the Town have garbage and recycling service provided by Modern Disposal Services. Thursday is the collection day.

Garbage, in Town provided trash carts only, will be collected every Thursday and recycling will be collected on alternating Thursdays. The Town offers "bag tags" if you have additional bags of trash which do not fit in the trash carts. The cost per tag is \$3.50 for bags no larger than 30 gallon size.

Trash carts must be placed within 5 feet of the roadside by 6:30am on Thursday.

Bulk items, such as yard waste and other bulky material like furniture and appliances will be collected the second FULL week of the month. The maximum allowed for bulk collection is **one** item per household. These items will be collected separately from your garbage and recycling. Please follow these guidelines:

- Yard waste must be bagged or containerized and must not weight in excess of 55 pounds: or may be bundled and tied in 4 foot lengths or less and no more than 4 inches in diameter.
- Plasterboard, scrap wood, etc. must also be less than 4 feet in length, not exceed 55 pounds and must be bundled or containerized. No contractors material will be collected.
- Carpeting must be rolled in 4 foot or less lengths and taped securely. Rolls should not exceed 55 pounds.
- Bulk items such as chairs and couches should be placed at the curb.
- TIRES WILL NOT BE ACCEPTED
- Christmas trees will only be collected during and after holiday season and will count as your bulk item for the week.

No electronic waste will be picked up by Modern. Electronic waste may be taken to the Town Highway Department on the 4th Tuesday of each month from June through January between the hours of 8am and 3pm.

All recycling must be in the cart provided. Cardboard should be no bigger than 2' X 2' and placed next to your recycling container. Recycling guidelines are printed on the lid of the cart.
