

Mason's Mission

Playground in Pendleton is an amazing inclusive area of play for all children. This playground is specially designed for children with limited abilities to interact with other children. The founders of Mason's Mission are Jason and Jennifer Evchich; they would like to construct a similar playground in the **Town of Hartland**. They provide most of the funding through grants and donations. Currently, they are competing for a grant through the Community Foundation of Greater Buffalo. This grant will be awarded to the people that the community feels have impacted the lives of others. If Jason and Jennifer win this award, they will receive \$200,000.00. They can choose to give \$100,000.00 to a foundation of their choice, which would be Mason's Mission. The other half will be set up as an endowment for life, where they can assist other organizations that align with what they do. They could use these funds to build a playground right here in Hartland! Please go to the following link and vote for: Jason & Jennifer Evchich, 4927 Cloverleaf Lane, Lockport, NY 14094.
